

Incident Response Program Development

Worry-Free Incident Response Planning

Sword & Shield specializes in information security and compliance. Our certified consultants are experienced professionals, and our comprehensive portfolio of security services allows us to be your single stop consulting partner.

Responding to an unplanned security incident can mean the difference between your organization surviving relatively unscathed, or suffering severe monetary and reputational losses.

The ideal solution is prevention. However, if and when an incident occurs, it is imperative to be ready to address the situation as quickly and efficiently as possible.

Sword & Shield partners with you through our Incident Response Program Development service to provide you with peace of mind in knowing you have a plan to deal with unexpected security incidents. Our experienced professionals take the burden of preparation off you, and make a complex undertaking simple. The result is a customized, current, and actionable plan you know you can trust.

Why Sword & Shield Enterprise Security

Technology firms that dabble in security tell you what you're doing wrong (or not doing at all) and walk away, leaving you without a plan of action. Sword & Shield partners with you to become an integral part of your cybersecurity and compliance program by not only identifying gaps and vulnerabilities, but also continuing to work with you to achieve and maintain a secure and compliant environment.

In short, Sword & Shield's depth and breadth of expertise in every aspect of our comprehensive portfolio of security services, coupled with our customer-first approach, empowers us to provide tailored solutions and personalized support for small to enterprise level companies. We strive to make your security and compliance initiatives as easy as possible on you.

This is what sets us apart from other information security and compliance firms.
