

Information Security and Compliance

Sword & Shield Enterprise Security Company Overview

Dedicated to Security

Technology firms that dabble in security tell you what you're doing wrong (or not doing at all) and walk away, leaving you without a plan of action. Sword & Shield Enterprise Security is a nationally-recognized information security and compliance firm that partners with you to identify gaps and vulnerabilities, then continues to work with you to achieve and maintain a secure and compliant environment.

Focused on Your Business Objectives

Sword & Shield's depth and breadth of expertise in every aspect of our comprehensive portfolio of security services, coupled with our customer-first approach, empowers us to provide tailored solutions and personalized support for small to enterprise level companies.

Providing Peace of Mind

Sword & Shield's world-class information security and compliance experts align our service offerings with your business objectives. Our experienced professionals take the burden of information security and compliance off you by making complex undertakings simple.

Our Services

Managed Security Services

Our 24/7 security operations center takes the burden off you by providing a team of expert analysts to fulfill your security and compliance requirements by quickly, easily and cost effectively deploying all the security controls you need in order to detect, analyze, log, monitor and react to an attack.

Managed Security Services (MSSP)

Managed SIEM with Ongoing Tuning & Optimization

Perimeter Defense

Cyber Deception

Security Awareness Training

Phishing as a Service

About Us

Securing business for more than 20 years, Sword & Shield Enterprise Security, Inc. partners with our customers to meet the needs of their dynamic cyber-security and compliance landscape.

We work closely with companies to become tightly integrated with their enterprise operations in the areas of managed security, risk and compliance, enterprise security consulting, security incident response and forensics, and security training.

Recognized nationally and headquartered in Knoxville, Tennessee, Sword & Shield has offices throughout the US. Sword & Shield services a broad spectrum of industries, including healthcare, retail, media, banking and finance, legal and manufacturing.

Incident Response

Responding to an unplanned security incident can mean the difference between surviving relatively unscathed, or suffering severe monetary and reputational losses. We partner with you to provide peace of mind in knowing you have a plan to deal with unexpected security incidents.

Incident Response Program

Incident Response Plan Development

Data Breach Threat Analysis

Forensics and eDiscovery

Root Cause Analysis

Tabletop Exercises

Protect. Detect. Respond.

Assessments

The first step to becoming secure and compliant is knowing where you stand. Sword & Shield partners with you to thoroughly assess the maturity of your security posture using analysis guidelines tailored to your organization.

Risk Assessments

- Strategic Security Assessment
- Sensitive Data Discovery
- Business Impact Analysis
- Network Architecture Assessment
- Secure Development Practices
